

To Whom It May Concern,

Bil Cornelius Ministries has a core mission to impact lives around the world by providing a unique, life changing message that reaches the lost and unchurched through world-wide television broadcasting. To assist in fulfilling this mission we carefully chose a media agency that came highly recommended, LightQuest Media. We have had the privilege of working with Chris Busch and the LightQuest Media Team for the past year and our relationship has been one of mutual professional respect along with friendship and dare I say family like.

LightQuest Media has been a vital part of the growth of Bil Cornelius Ministries and has exceeded our highest expectations. They have not only taken ownership of our vision, but have demonstrated their commitment and partnership to our ministries by taking it to the next level and beyond.

In addition to their expertise in broadcast media strategies, marketing and communications, they also have put great effort in helping manage cost while allowing our ministry to go the distance.

Bil Cornelius Ministries strongly recommends LightQuest Media to anyone looking for a professional partnership with media resource services.

God's Best,

Bil Cornelius
